FULL STACK WEB DEVELOPER

With over a year of hands-on experience, I am a skilled web developer and trainer proficient in JavaScript, TypeScript, and adept at both frontend and backend development. My expertise extends to SQL and NoSQL databases, and I specialize in MERN stack development. Beyond this, I have a solid understanding of cloud deployment, contributing to the seamless delivery of cutting-edge web solutions.

SKILLS

- **Language :** Javascript
 - **Technologies and Frameworks :** HTML, CSS, Javascript, Node.js, React.js, Express.js, Next.js, Socket.io, Git, Tailwind css, Material UI, Redux
 - **Database :** MongoDB, MySQL
-

PROFESSIONAL EXPERIENCE

Neosao Services pvt ltd

March 2023 - Present

Software Developer

As a MERN Stack Developer in Neosao Services, I build full-stack applications with MongoDB, Express.js, React, and Node.js. I develop backend services, design user-friendly interfaces, and ensure smooth communication between front and back ends. Proficient in the MERN stack, I create scalable, high performance web applications for optimal user experience
